

Ahmed Hussein Ahmed

Cybersecurity Enthusiast | Computer Science Undergraduate

a7med7uss77@gmail.com | +201030612376 | Abo Kebir, Sharqia Governorate, Egypt

SUMMARY:

Dedicated cybersecurity enthusiast and computer science student with substantial knowledge in networks, programming, ethical hacking, and hands-on security labs. Strong analytical skills and experience in security tools, network protection, and modern cyber defense practices. Actively developing technical skills through participation in CTF competitions and industry training. Seeking to contribute knowledge and passion for cybersecurity to impactful real-world projects.

EDUCATION:

Bachelor's computer science

Sep 2022 – Sep 2026

Thebes Higher Institute of Computer & Management Sciences (Thebes Academy)

CERTIFICATES:

- Network Fundamentals Course (Level 1 & Level 2) — Certified
- Flutter Development Course (Level 1 & Level 2) — Certified
- Network Security Fundamentals — Certified
- Side courses: Wireless Penetration Testing, RAT-based Penetration Testing, Social Engineering Basics

EXPERIENCE:

Cybersecurity Training & Projects (Self-Driven, 2022–Present)

- Designed cybersecurity tools in Python for network scanning and security.
- Participated in ECPC (Egyptian Collegiate Programming Contest).
- Current trainee at NTI (National Telecommunication Institute) — Flutter Mobile Development track.

SKILLS:

- **Programming:** C++, Python, Java, Dart, HTML, CSS
- **Cybersecurity Tools:** Metasploit, Nmap, Wireshark (Basics)
- **Operating Systems:** Kali Linux (Beginner to Intermediate), Windows (Proficient)
- **Other Skills:** Vulnerability Scanning, Ethical Hacking, Social Engineering, Mobile App Development

• EDUCATION:

Arabic , English (B1)
